

## Supervisor Talking Points

---

- Discuss activities requiring the use of fall protection.
- Discuss activities where the use of fall restraint/positioning systems may be used at the facility.
- Demonstrate inspection of fall arrest equipment. If possible, bring several pieces of equipment for the class to inspect.
  - Harnesses
  - Lanyards
  - Self Retracting Lifelines (SRL's)
- Demonstrate the double action / locking hooks on a lanyard or SRL.
- Demonstrate how to put on a full-body harness. Have each employee put on a harness and inspect the fit of the harness.
- Discuss opportunities to eliminate fall hazards by moving equipment to accessible areas or installation of guardrails, covers, etc.
- Discuss rescue procedures to respond to someone who has experienced a fall.
